# TELEPHONE DIRECTORY

*Manphase  
file*

AMES

DECEMBER 1935

**P**ick up your telephone and the barriers of time and distance disappear—the world becomes your neighborhood—and persons everywhere your neighbors.

**For Reference**

**Not to be taken**

**from this library**

## *What is a* **STATION-TO-STATION CALL?**

A **STATION-TO-STATION** call is one in which you tell the Long Distance operator you will talk with anyone at the called telephone.

As soon as anyone answers, your connection is completed.

**STATION-TO-STATION** rates are lower than person-to-person rates. From 7:00 p. m. until 4:30 a. m. night rates, which are lower than day rates, apply for such calls. You can reverse the charges.

## *What is a* **PERSON-TO-PERSON CALL?**

A **PERSON-TO-PERSON** call is one in which you tell the Long Distance operator you want to talk with a certain person.

Your connection is not completed until the person you ask for is at the telephone.

**PERSON-TO-PERSON** rates are the same at all hours of the day and night. You can reverse the charges.

# NORTHWESTERN BELL TELEPHONE COMPANY

GENERAL OFFICES, TELEPHONE BUILDING, DES MOINES, IOWA

C. E. PLAMADORE, District Manager, Des Moines, Iowa

CARL R. DWYER, Manager

## TELEPHONE SERVICE CALLS

For numbers not listed in this directory, call....."Information"  
To report a telephone out of order, call....."Repair Service"  
For assistance in completing a call, call....."Chief Operator"  
For all business transactions, call.....40

## PROPER USE OF THE TELEPHONE

Obtain the correct telephone number from the directory before making a call. If it is not listed call "Information."

Speak slowly, clearly and directly into the telephone, with your lips about one inch from the mouthpiece.

Answer your calls promptly. Failure to do so keeps the calling party waiting and may result in the loss of a message. Giving your name or the name of your

firm when answering, identifies you and saves time.

When your conversation is completed hang up the receiver and, if you are using a magneto telephone, give one short turn of the crank. This gives the operator the signal to disconnect your telephone from that of the party with whom you were talking.

Keep the receiver on the hook when the telephone is not in use or your line will be out of order.

## LONG DISTANCE SERVICE

To make a Long Distance call, give the operator the name of the town you are calling, the telephone number if known, or the name and address of the residence or business firm being called (if you wish to talk to a specified person, also give the name of that person), followed by your own telephone number. In most cases, you will be asked to hold the line while the call is being completed.

**Station-to-Station** calls are those on which you are willing to talk to anyone available at the called telephone. Rates for these calls are lower than for person-to-person calls hereinafter described because less operator's labor and less use of long distance lines and equipment are required to complete them.

**Night rates** are in effect on station-to-station calls beginning at 7:00 p. m. and continuing until 4:30 a. m. These rates are substantially lower than the day rates on such calls, and apply only on calls when the day rate is 40 cents or more. The minimum night rate is 35 cents.

**Person-to-Person** calls are those on which you tell the operator the name of a specified person with whom you wish to speak. Every reasonable effort will be made to reach the party called. If the party cannot be reached directly by telephone the operator, at your request, will

arrange to send a messenger to summon the called person to a telephone. This will involve a small additional charge. Also, at your request, the operator will make an appointment with the called party so that you can talk at a time you specify. Rates for person-to-person calls are somewhat higher than for station-to-station calls because of requiring more operator's labor and a greater use of long distance lines and equipment to locate a specified person and summon him to the telephone.

**A Report Charge** is made on uncompleted person-to-person, messenger and appointment calls when failure to establish the connection is beyond the control of the telephone company. A report charge also is made on reversed station-to-station calls when the party answering at the called telephone refuses to accept the charge and, as a result, the call is not completed.

**Reversal of Charges** is permitted on both person-to-person and station-to-station calls without extra cost except on station-to-station calls of 20 cents or less, which takes a slightly higher rate when sent collect.

**To Obtain Charges** on a call at the close of a conversation, notify the long distance operator when you place the call. To obtain rates to any place, call "Long Distance."

## DIRECTORIES

**Changes of Listings:** All requests for changes in listings or new listings in the next issue of this directory should be made before October 20. If possible, they should be made well in advance of this date. Directory errors should be reported immediately.

## THIS COMPANY'S POLICY

This Company's policy is to provide adequate, dependable and pleasing service at the least cost to telephone users consistent with fair treatment of employees and of the hundreds of thousands of persons who have savings invested in the business.

## GENERAL RULES AND REGULATIONS

**Allowance for Failure of Service**—The Telephone Company does not guarantee uninterrupted working of its lines or equipment. In case service is interrupted otherwise than by the negligence or willful act of the subscriber, an adjustment will, upon application by a subscriber, be made in the amount of the charges for such of the service, equipment, and facilities furnished as are rendered useless or inoperative. Any adjustment shall apply only to the period the interruption continues beyond twenty-four (24) hours after notice of the interruption is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.

**Care of Equipment**—The telephone equipment, apparatus, and lines furnished shall be carefully used and cared for by the subscriber and shall be surrendered to the Telephone Company upon termination of the subscriber's right of use in as good condition as when received, ordinary wear and tear alone excepted.

All ordinary expense of maintenance and repair, unless otherwise specified in the Telephone Company's tariffs or in the contract for the use of the equipment, will be borne by the Telephone Company. In case of damage to, or destruction of, any of the said equipment, due to negligence of the subscriber, the subscriber shall pay either the cost of replacing the equipment or the cost of restoring the equipment to its original condition.

**Change of Telephone Numbers**—The Telephone Company does not undertake to continue the furnishing of service to a subscriber in any exchange area through any particular central office in that area and may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.

**Connection of Unauthorized Equipment and Appliances**—Subscribers shall not use or permit to be used in connection with the equipment or facilities furnished by the Telephone Company any electrical or mechanical apparatus or device not provided by the Telephone Company or permit the attachment of advertising or other devices. Telephone instruments have been designed to produce the best results and are necessarily sensitive and intricate. The use of any apparatus or device in connection with such instruments or the attachment of any apparatus or device to such instruments generally interferes with telephone service. In order to protect the service, the Telephone Company reserves the right to remove from the instruments or facilities any equipment, apparatus, or device of any kind in any way connected therewith other than that furnished by it.

**Defacement of Premises**—No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises resulting from placing the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof when such defacement or damage is not the result of negligence on the part of the Company or its employees.

**Default of Payment or Other Violation of Regulations**—Charges for exchange service and facilities are due in advance. Charges for toll and long distance service are due when the bill for such service is rendered. All bills are payable at the Telephone Company's business office. Failure to receive a bill does not exempt the subscriber from prompt payment of his account. The subscriber is held responsible for all charges for exchange service and facilities furnished at his request and for all toll and long distance service furnished at his station or stations, including charges for toll messages received at his station or stations on which the charges have been reversed. In the event of default of payment of any sum due for either exchange or toll service or both, the use of foul or profane language, the impersonation of any other person with fraudulent intent, listening

in on party line conversations, or any other violations of the Telephone Company's regulations, the Telephone Company may either suspend service or terminate the service without suspension.

**Errors in Directory Listings**—The Telephone Company issues directories to assist in furnishing prompt and efficient service and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors in and omissions of, directory listings but they may occur and the Telephone Company will assume no liability for damages caused to a subscriber because of such errors or omissions. Likewise the Telephone Company will not be a party to controversies arising between subscribers or others as a result of listings published in its directories.

**Moves of Telephone Equipment**—Telephone equipment installed on the premises of subscribers shall not be moved from one location to another except by a representative of the Telephone Company. For any changes in location of telephone equipment or wiring the subscriber shall be required to pay the established charges for making such change in location.

**Outgoing and Incoming Service Privileges**—The tariffs and rate schedules of the Company govern and fix the outgoing service of a subscriber and in no manner guarantee to him the same incoming service. All incoming service of a subscriber depends upon and is limited by the right of a calling subscriber to such service.

**Ownership of Directories**—Telephone directories furnished subscribers are and remain the property of the Telephone Company and shall be surrendered upon deliverance of each later issue. No binder, holder, or auxiliary cover, except such as may be supplied by the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

**Party Line Service**—In connection with the furnishing of party line service, it is contemplated that each subscriber will so use the service as not to interfere with an equitable proportionate use of the service by other subscribers on the same line. In the interest of the service to all parties on a party line, the Telephone Company reserves the right to discontinue the party line service of a party line subscriber when the duration or number of local messages sent or received by him is so great as to prevent an equitable proportionate use of the service by other subscribers on the line.

**Right to Access to Premises**—For the purpose of inspecting, repairing, or removing any part of the Telephone Company's equipment, apparatus and lines, the Company's employees shall, upon producing proper identification, have the right of access to subscribers' premises at any reasonable hour.

**Transmission of Messages**—The function of the Telephone Company is to furnish means of communication between telephone stations. Acceptance, by employees, of written or verbal communications from the public, for transmission or delivery, is forbidden.

**Use of Equipment and Service by Subscriber**—Telephone equipment and service is furnished to subscribers for use only by the subscriber, his family, guests, or persons residing with him as members of his household, persons leasing or subleasing his residence during his temporary absence from such premises, or by his employees or representatives when engaged in business, except as the use is extended to others under the established regulations governing semi-public telephone service, and private branch exchange service at hotels, apartment houses, clubs and hospitals and except as the use of the service may be extended to joint users under the established regulations governing joint user service.

Person-to-person service applies when you ask to talk to a specified person. Station-to-station service applies when you ask to talk with anyone available at the telephone called. Rates are for three minutes except on station-to-station calls having a rate of 25 cents or less, which are for five minutes. Charges for talking each additional minute are about one-third of the rates shown which are 15 cents or more. Ask the operator for rates to other places.

## TELEPHONE NUMBERS FREQUENTLY CALLED

For your convenience, these columns are provided for you to list the numbers which you call frequently.

Our business Office will be glad to furnish you telephone numbers of out-of-town friends and relatives.

**Ames**  
**Classified Telephone Directory**  
**December, 1935**

**"WHERE TO BUY IT"**

**NORTHWESTERN BELL TELEPHONE COMPANY**

**Directory Department**  
**510 Fifth Street Telephone 40**

## *How to Use* THE CLASSIFIED TELEPHONE DIRECTORY

### **TO FIND WHERE TO BUY THE ARTICLE OR SERVICE YOU WANT—**

First, locate the heading descriptive of the article or service you wish. These are listed alphabetically. Trade-marks or brand names will be found as headings or under headings descriptive of the product or service.

Then, select from the listings the firm or individual with whom you wish to do business.

Associated with many general headings, you will find other headings descriptive of particular kinds

of articles or services with lists of dealers who can serve you. Accompanying advertisements provide you with more complete buying information.

### **TO FIND THE TELEPHONE NUMBER OF A BUSINESS FIRM YOU HAVE IN MIND—**

First, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

Next, locate the desired firm and telephone number by examining the listings under the heading.

## We Believe in AMES

The national government and the state government have fully recognized the value of organized effort. The Ames Junior Chamber of Commerce represents organized effort in building the community, promoting civic projects and making our city a finer place in which to live.

It is your organization. Be a member and have a real active part in building your home, business and community.

We maintain Club Rooms in HOTEL SHELDON-MUNN.
